Incident Weather Policy

GCPS schools and facilities may close in the event of hazardous weather or other emergencies which present threats to the safety of students, staff, or school property.

It is more likely for school to be cancelled in the early morning — due to dangerous road conditions that formed overnight — than for school to let out early because bad weather is moving in.

As a rule, the decision to cancel school is made before 6 a.m. The school system immediately notifies all major radio and television stations in metro Atlanta. In addition, the information is announced on GCPS TV and posted on the school system's web site.

GCPS TV can be found on the following Gwinnett County cable channels:

- AT&T - Listed under Local Government
- Charter - Channel 22
- Comcast - Channel 24 or 26

Should severe weather move into the area during the day, plans to cancel classes will be announced on metro-Atlanta radio and TV stations and on the school system's web site before school is dismissed.
